African Legal Support Facility
(ALSF)

**INFRASTRUCTURE AND
RURAL DEVELOPMENT**

PROJECT DESCRIPTION

Main objective of ICONs services is to enhance African Legal Support Facility (ALSF)'s efficiency, effectiveness and financial sustainability. It is particularly important to adjust the Facility's financial management and reporting to promote donor harmonisation, to implement cost sharing frameworks with African partner countries, and to respect the Facility's high standard environmental and social policies and other cross-cutting issues, as well as to further enhance the M&E framework with regard to developmental impact of ALSF's work.

To reach these objectives, the ALSF received funds from the Federal Republic of Germany via KfW and ICON was commissioned to consolidate the results achieved in the previous project phase at ALSF.

The ICON consulting services focuses on the following main topics:

1. Further development and operationalisation of the Management Information System (MIS)
2. Preparation and launching of the Panel B
3. Further M&E Support (including M&E retreat) and additional M&E Testing Mission
4. Setting-up of a benefits system for ALSF new category of staff and for establishing a Benefits' System for all staff

5. Coordination and Reporting
